## REPORT ON FEES

In agreement with what stated in IMIA Council Meeting in Paris, I have prepared fees to cover as close as possible 60% of 20.000 S.F..

Also in agreement with my own proposal, as accepted by the Council, I have tried to define a good formula to take into account national level of development, IM national society dimension, currency exchange rates etc, to define our fees.

I have gone into IFIP, WHO and U.N. ways of defining fees. This last has set up a continuous evaluation committee (V Committe) to deal with the problem,

I enclose for the minutes, a copy of the relative reports,

After those readings, I resigned and decided to define fees in an heuristic way as in the annexed proposal.
