Diarmuid UaConaill, M.Sc.
Biochemistry Laboratory
Department of Pathology
Mater Misericordiae Hospital
Dublin 8, Ireland

Dear Mr. UaConaill:

Enclosed is a listing of papers in the session in which you are involved. At this point I do not expect any further changes since we are very close to the deadline for informing the authors and getting all submissions into the printer. If there is to be any revision, it will be minor.

For your session you certainly should be there at least by Tuesday, August 23, 1983 at 0900 hours.

I hope this information will be of use to you. The Committee and I look forward to meeting you in Amsterdam this August. In the meantime, if there are any questions, please let me know.

Kindest regards.

Sincerely,

A handwritten signature in black ink, appearing to read 'G. S. Lodwick'.

Gwilym S. Lodwick, M.D.
Chairman, Scientific Program Committee
