D J Kenny— General Manager

18th June 1985

APPENDIX 12.

Mr W C Abbott
Secretary IMIA
Regional Management Services Officer
St Faith's Hospital
London Road
BRENT WOOD
Essex

Dear Mr Abbott

At its recent meeting in Copenhagen IMIA Working Group 4 discussed a number of membership issues and I am now writing to you formally about these.

1. Cessation of Membership

Two members of Working Group 4, Mr Gustafsson and Mr Lycksell are no longer available to continue membership.

2. World Health Organisation

Dr Jardel has been appointed to a senior post within the European office. We would still like to have a World Health Organisation representative, so when Dr Jardel's successor is appointed it would be very helpful for that person to take up immediate membership of Working Group 4. I hope this will be in order. Mlle Pinet from the World Health Organisation will still remain a member.

3. World Medical Association

I am writing to the World Medical Association inviting them to nominate a successor for Dr Schlögell. I hope that again it would be in order for that person to take up membership straight away.

4. New Members

Professor Scherrer of Geneva is interested in becoming a member. I will be contacting him just to confirm the extent of his interest in this subject, but if he is generally interested it would be helpful if the Board could agree that he can take up office immediately.

5. Nursing Representation

We would very much like to have representation from a nurse on the Working Group and I am consulting with Miss Scholes on the matter. I hope that again this will be in order.

Yours sincerely

D J KENNY

General Manager & Chairman WG4
